### 1. GENERAL INFORMATION

#### 1.1 Introduction

The sport of netball is set apart by its unique and distinctive rules, which define the skills of the game and the limits within which they must be performed. The Rules of Netball are interdependent and of equal importance. As a whole, they direct its fundamental spirit and conduct, and ensure safety and fairness for all competitors.

Umpiring is an integral component of netball and is essential to the progress and success of the sport. As independent arbiters, umpires are ideally positioned to apply the rules to the best of their ability without fear or favour, and to make decisions in the interests of the game and its tenets of equal opportunity and sporting conduct. Skilled umpiring enhances the standard of the game by complementing and encouraging skilled play, for the enjoyment of participants and spectators alike.

Like players and coaches, umpires are not perfect. In order to improve, their performance should be the subject of regular analysis and constructive review. However, unwarranted and uniformed abuse of umpires damages the integrity of the game of netball, and undermines the important efforts made to recruit and retain umpires.

Netball Australia recognised the significant contribution that proficient and intelligent umpiring makes to the sport of netball. It therefore considers it essential that the neutrality of umpires at all levels is acknowledged and protected, and that umpires are given access to training and support so that they are encouraged to participate and strive for excellence.

To this end, Netball Australia:

- Supports the role of umpires and the sport of umpiring at all levels of netball.
- Provides a supportive environment for umpires through strong leadership and management at the national level.
- Implements education, training and mentoring programs for umpires at all levels through Netball Australia's national umpiring pathway.
- Promotes opportunities for talented umpires to perform and attain qualifications commensurate with their abilities at national and international level.
- Educates the media about the Rules of Netball and the role of umpires.
- Establishes appropriate mechanisms for comments and feedback regarding umpire performance.
- Investigates and sanctions individuals/groups that abuse umpires and bring the game into disrepute.

Netball Australia has developed and implemented this comprehensive National Umpire Development Framework to attract, develop and retain quality umpires at all levels of the sport both nationally and internationally.

The National Umpire Development Framework is complimented by the Netball Australia High Performance Umpire Pathway, which is aligned to the national athlete pathway.

### 1.3 Insurance

The Netball Australia Risk Protection Program provides Public Liability (\$20,000,000) and Professional Indemnity (\$20,000,000) insurance. Any State/Territory Member Organisation that is not part of the National Risk Protection Program will be required to provide the same level of Public Liability and Professional Indemnity insurance.

All course participants must be registered members of their local State/Territory Netball Association prior to accreditation being granted, to ensure adequate insurance cover. This membership must be maintained annually, whilst the participant is still actively umpiring.

### 1.4 Umpire Code of Behaviour

In addition to Netball Australia's General Code of Behaviour, umpires must meet the following requirements with regard to their conduct during any activity held by or under the auspices of Netball Australia, Member Organisations or Affiliates in their role as an umpire.

- Umpire in accordance with the Official Rules of the Game.
- Treat all players, coaches, bench officials and other umpires with respect.
- Place the safety and welfare of the players above all else, including by:
  - Ensuring the court and its surrounds are compliant with the rules.
  - Taking appropriate action to manage dangerous play.
- Maintain a high standard of personal behaviour at all times.
- Be a positive role model through behaviour and personal appearance projecting a favourable image of netball and umpiring at all times.
- Refrain from conduct which could be regarded as sexual harassment, discrimination, bullying or victimisation.
- Be courteous, respectful and open to discussion and interaction with other netball participants.
- Maintain or improve your current performance level and seek continual improvement.
- Be honest and do not allow your qualifications/accreditation to be misrepresented.

### 1.5 Recognition of Prior Learning (RPL)

- 1.5.1 Netball Australia may grant RPL for umpiring badges/awards from other countries where this is assessed as equivalent to a relevant umpire accreditation level.
- 1.5.2 Applications for RPL should be directed to Netball Australia, through the respective Member Organisation, and must include details of all umpire education and practical experience.
- 1.5.3 Netball Australia may require the applicant to undertake a practical assessment to establish the level of RPL granted.

### 1.6 Member Protection Policy

Netball Australia is committed to treating all people with respect, dignity and fairness. These values along with the basic right of all netball members to participate in an environment that is enjoyable, safe and healthy, has resulted in the development and implementation of the Netball Australia Member Protection Policy.

The Member Protection Policy applies to Member Organisations, Affiliates and Members (including athletes, coaches, umpires, employees, volunteers and support personnel). Any breach of the policy including the Code of Behaviour may result in disciplinary action, including de-registration from the National Officiating Accreditation Scheme (NOAS). The Member Protection Policy and related support documents can be accessed via the Netball Australia website: [www.netball.com.au](http://www.netball.com.au)

- 6.1.2 It is preferred that an umpire wishing to test is initially appointed to one (1) or two (2) games as a cadet with a senior mentor.

**Figure 5: Composition of Testing Panels**

AA	A	B	C
3 Members appointed by Netball Australia to the National Testing and Endorsement Panel	2 A & 1 AA/IUA	1 B & 1 of any badge level above (A or AA/IUA)	1 C & 1 A OR 1 B.

- 6.1.4 AA and A badged umpires may act as mentors on C Testing Panels in addition to the required testing panel.
- 6.1.5 If the appropriate testing panel composition cannot be achieved when arranging a test and an umpire would be disadvantaged, application may be made by the relevant Member Organisation to Netball Australia for consideration.

### **6.3 Updating – On Court Umpires**

- 6.3.1 On court umpires are required to complete a series of tasks over a four-year period following their successful attainment of either the Netball Australia C, B, A or AA badge. Netball Australia recommends that all umpires who attain their badge (become accredited) continue to upgrade their knowledge, skills and competencies.
- 6.3.2 The updating program aims to raise the overall quality of umpires within netball by ensuring they are provided with ongoing education and development opportunities covering areas such as:
  - Keeping abreast of the latest information on developments within netball.
  - Rules knowledge and current interpretations.
  - Having access to the most up-to-date techniques and skills related to umpiring.
- 6.3.3 Netball Australia requires an umpire to reach the specified number of points of updating activity to remain accredited at the relevant badge level. In the case of the A and AA badge, an umpire must successfully complete the practical assessment in addition to the required points to be updated.

**Figure 6: Updating Requirements for 'on court' Umpires**

AA Badge	Complete 120 points in 4 years. NB: Endorsement of an International Umpire Award (IUA) will also endorse an AA badge if the endorsement test is undertaken on a Netball Australia sanctioned event. If not, a separate AA endorsement test will be required.

- 6.3.4 50% of the required updating should be completed through on court umpiring. Practical umpiring can be undertaken at any level and may occur on a regular basis (weekly, fortnightly) or in specific situations such as camps, carnivals etc.
- 6.3.5 The successful completion of the Rules of Netball Theory Exam (pass mark as required for the badge being updated) is a mandatory updating requirement for all badge levels.
- 6.3.6 Applications for updating will be accepted for up to 12 months following the expiry date the accreditation.
- 6.3.7 Once a C, B or A badge accreditation has expired for a period greater than 12 months, application should be made to the relevant Member Organisation for consideration.

- 7.3.5 Performance assessments will be carried out on one (1) game of the highest standard available within the Member Organisation or at a suitably identified national competition opportunity.

### 1. UMPIRE ACCREDITATION OVERVIEW

The Netball Australia Umpire Accreditation system is an educational and development pathway, culminating in a 4-tiered badge system – C Badge, B Badge, A Badge and the highest national award, the AA Badge.

To receive a badge, the umpire must be rated as competent in each area of the assessable performance criteria set for the level concerned. Knowledge, skills and techniques must be demonstrated or performed to a specified standard under set conditions, as assessed by approved testers. These competencies are a continuum from basic level to expert execution.

BADGE LEVEL	SUMMARY OF COMPETENCIES
<b>C BADGE</b>	<ul style="list-style-type: none"> <li>• Basic game management in order to keep game moving and maintain player safety in low to average standard matches.</li> <li>• Basic procedural competence (late arrivals, failure to take the court, stoppages).</li> <li>• Basic positioning and vision skills.</li> <li>• Reactions/timing appropriate for low to average standard matches.</li> <li>• Usually recognises and penalises obvious infringements, both major and minor.</li> <li>• Applies “advantage goal” so as not to disadvantage non-offending team.</li> </ul>
<b>B BADGE</b>	<ul style="list-style-type: none"> <li>• Sound game management and implementation of procedures.</li> <li>• Some understanding of when measures need to be taken to keep game safe (for example, overt unsportsmanlike conduct or dangerous play).</li> <li>• Positioning and vision are not restricted to the immediate area where the ball is or the bulk of players are, to take into account what is happening behind and ahead of play. This requirement is matched by the requirement that the candidate demonstrate basic advantage skills.</li> <li>• More consistent recognition of minor infringements and more refined understanding (footwork, played ball for example).</li> <li>• <u>Obstruction</u>: beginning to understand implications of rule beyond simple 0.9m defence (jump and land, standing within 0.9m and interfering with throwing/shooting action); beginning to recognise use of arms to limit movement of player without ball; obvious defending out of court.</li> <li>• <u>Contact</u>: beginning to go beyond obvious examples of interference to distinguishing fair contest from contact (understanding body movements, including recognizing when a player or players cause an opponent to interfere).</li> <li>• <u>Advantage</u>: vision skills allow some recognition of context of play and some assessment of what is of advantage to the non-offending team.</li> </ul>

BADGE LEVEL	SUMMARY OF COMPETENCIES
A BADGE	<ul style="list-style-type: none"> <li>• Detailed understanding and application of all aspects of game management, including foul play (13.2) and the actions that may be taken by umpires (13.1, 13.3).</li> <li>• There is an expectation that positioning, vision and timing will be guided by play and informed by an understanding of the game context. General principles are consistently executed, including adapting positioning and vision to specific circumstances to secure best view of play.</li> <li>• This in turn allows a more refined application of the <u>Advantage</u> Rule, which allows the game to flow without losing control or undermining the standards set for game management.</li> <li>• Rule interpretations demonstrate an understanding of the rule, an attention to detail and a common sense application in the game context.</li> <li>• There should be a high level of consistency across both minor and major infringements. In particular:</li> <li>• <u>Obstruction</u>: consistently penalises all forms of 0.9m defence across court areas; consistently recognises obstruction of player without the ball; consistently identifies defending by a player who is out of court.</li> <li>• <u>Contact</u>: consistently distinguishes between contact and contest (again, allowing the game to flow without losing control or undermining game management); accurately identifies and penalises causing contact and inevitable contact.</li> </ul>
AA BADGE	<p><b><i>**The AA badge should not be seen as a “natural progression” from the A badge. It is an elite umpiring qualification reserved for candidates who display the highest levels of technical proficiency, rule understanding and game management.</i></b></p> <ul style="list-style-type: none"> <li>• Complete understanding of all aspects of game management which allows necessary procedures to be implemented promptly and professionally when they are required; good judgment and “game sense” to ensure that the available actions are used at the right time and for the right purpose.</li> <li>• Positioning, vision and timing work together to be in the best place at the right time, even when this is counter-intuitive. The umpire reads play to adapt to different paces, patterns and styles of play with minimal disruption to timing and decision-making.</li> <li>• High level of decisional accuracy across major and minor infringements: makes decisions quickly and precisely, and applies them efficiently. Shows ability to prioritize correctly when multiple infringements occur.</li> <li>• Demonstrates particular consistency and expertise in application of the Contact and Advantage Rule to enhance the contest and allow skilled play to occur, while maintaining control and ensuring that no team is unduly disadvantaged.</li> </ul>

## 2. NETBALL AUSTRALIA - C BADGE PRACTICAL ASSESSMENT SHEET

Candidates for the 'C' badge should display a basic grasp of game management skills, umpiring techniques and practical application of the Rules to penalise obvious infringements. This is an **ENTRY-LEVEL BADGE ONLY** and testers should not expect a perfect display.

To successfully pass the C Badge Practical Assessment, umpires must be rated as competent on all aspects of the assessable performance criteria. Testers only need to write a comment if the umpire has not achieved competency for a particular performance criteria. If the **ASSESSMENT DECISION** is **COMPETENT**, additional comments may be made in the General Comments section.

If the **ASSESSMENT DECISION** is **NOT YET COMPETENT**, the Testers need to outline the **ACTION PLAN** discussed with the umpire. The action plan statement should identify further training, development or assessment needs to assist the umpire to reach the competency standard. Completed assessment forms are to be sent to the respective Member Organisation, with a copy sent to the umpire.

## 4. NETBALL AUSTRALIA - A BADGE PRACTICAL ASSESSMENT SHEET

Candidates for the 'A' badge should demonstrate a detailed understanding and application of all aspects of game management. There is an expectation that positioning, vision and timing will be guided by play and informed by an understanding of the game context, which allows for a more refined application of advantage.

Rule interpretations should demonstrate an understanding of the rule, an attention to detail and common sense in application. There should be a high level of consistency across both minor and major infringements, with only minor errors observed. With regard to contact, this includes distinguishing between fair contest and contact that interferes, and identifying and penalising causing contact and inevitable contact.

To successfully pass the A Badge Practical Assessment, umpires must be rated as competent on all aspects of the assessable performance criteria. Testers only need to write a comment if the umpire has not achieved competency for a particular performance criteria. If the **ASSESSMENT DECISION** is **COMPETENT**, additional comments may be made in the General Comments section.
